New! DuraBlue[™] Spray-On Bluing

Looks like real bluing, but with the durability and corrosion resistance of DuraCoat[®]

Page 4

To Our Loyal Customers:

Wow, what a year! We are growing like crazy! With our innovative R&D Department as a base, and our loyal and new customers as a catalyst, this coming year will prove to be outstanding. We are introducing four new Standard Colors, two new Metal Collection Colors, and four new camo patterns. We are also introducing ChameleonCoat, the "To Hell and Back" Distressing Kit, DuraCoat Adhesion Promoter, more Gun Tattoos, and DuraHeat 2.0.

I've saved the best for last. At long last, we have broken the code! The innovative employees here at DuraCoat have set the new standard in bluing. Yes, we now are producing a product that revolutionizes the gun bluing industry. We call it DuraBlue. It looks like extremely high-quality, high-polish bluing but it wears like DuraCoat.

DuraBlue is the new standard in bluing. Once again DuraCoat sets the bar.

Sincerely,

Steven M. Lauer, Proprietor

The Finest Firearm Finish on the Planet!

DuraCoat®
Firearm Finishes

DuraCoat® Original

DuraCoat®, the industry's leading firearm finish, was developed as a spray-on protective coating for all types of firearms. Originally available in only a handful of colors, the DuraCoat line has expanded to over 200 standard colors and several lines of specialty colors.

DuraCoat® is available in sizes ranging from 1/2 ounce for specialty colors all they way up to 55 gallon drums.

DuraCoat® is also available in an ever-expanding line of finishing kits for the beginner or professional.

DuraCoat® CamoPaks™ and Peel 'N Spray™ Templates have been developed for over 50 different camo patterns for use by all skill levels.

DuraCoat® offers unmatched versatility, durability, and user friendly characteristics.

DuraCoat® can be applied to all types of metals, plastic, and wood including optics and moving parts.

DuraCoat® means no preheating or baking is required.

DuraCoat® has excellent abrasion and mar resistance as well as resistance to solvents and cleaners.

DuraCoat® means you'll never worry about rust or corrosion again!

DuraCoat® SL - Self Lubricating

DuraCoat® SL has all the same properties as the original DuraCoat® plus added lubricity for the ultimate self lubricating/non-stick firearm finish.

DuraCoat® SL has the perfect lubricity for the moving parts of a firearm, plus the corrosion proof characteristics of DuraCoat® Original, and offers reduced friction, longer wear and the highest degree of scratch resistance. The non-stick characteristics make cleaning your firearm a breeze.

DuraCoat® SL has FluorAx, our proprietary blend of lubricating chemicals which includes Polytetrafluoroethylene (PTFE). PTFE is a fluorocarbon which inhibits substances containing water or oil from adhering to the surface of DuraCoat® SL.

DuraCoat® SL may have a slightly higher sheen that DuraCoat® Original. If this is undesirable for your application, use DuraCoat® Flattening Agent to alter the sheen. DuraCoat® Flattening Agent can be used up to 10%. DuraCoat® SL is available in all the same colors and CamoPaks as DuraCoat® Original.

DuraCoat®
Firearm Finishes

Create a Professional Camouflage finish
with DuraCoat® Peel 'n Spray™ Templates
by following these eight simple steps!

Each of our easy-to-use adhesive backed **Peel 'N Spray Templates** is pre-cut to produce the CamoPak™ camouflage pattern of your choice.

STEP 1: Randomly select one or more Peel 'n Spray templates and place on the base coated item.

STEP 2: Spray second color. Completely coat the item and templates. Do not remove templates.

STEP 3: Randomly apply more templates.

STEP 4: Spray third color, completely coat the item and template.

STEP 5: Remove all templates

STEP 6: Apply female templates for accent color.

STEP 7: Apply accent color to female templates.

STEP 8: Remove female templates and apply DuraCoat® Clear.

INNOVATIVE NEW PRODUCTS FOR 2015

New! DuraBlue™ Spray-on Bluing

THE NEW STANDARD IN BLUING! Never worry about rust again! This revolutionary new coating provides a deep, glossy finish reminiscent of traditional bluing. Comes in a convenient aerosol can or liquid form for application with spray equipment. Available in three colors depending on your needs: Blue, Black, and Blue/Black.

Aerosol	#DBA	\$39.95
4 oz Container	#DBL4	\$29.95
8 oz Container	#DBL8	\$49.95
16 oz Container	#DBL16	\$79.95
32 oz Container	#DBL32	\$149.95
128 oz Container	#DBL32	\$399.00

New! ChameleonCoat™

True Chameleon Coating that produces brilliant, eye-catching, color changing sparkle and shine!

Add this to your rifle or handgun and definitely get noticed at the range! Available in Green/Blue/Purple and Gold/Purple. Apply over a base coat of Matte Black DuraCoat®.

2 oz Container	#CC2	\$21.95
4 oz Container	#CC4	\$31.50
8 oz Container	#CC8	\$54.95
16 oz Container	#CC16	\$89.95

New! To Hell and Back - Distressing Kit

Create a battle-worn, war-torn, distressed look on your firearm or gear. Easy-to-use aerosol cans keep it simple yet effective. Kit includes Mission Specific Removable Coating 6 oz cans, 6 oz TruStrip Cleaner/Degreaser, 6 oz Distressing Agent, sanding block, sandpaper, abrasive pad, and two cloth wipes. A top coat of DuraCoat Clear can be applied to create a permanent and rust-free finish. Top coat is not needed if you desire your finish to continue wearing as you use it or for ease of future removal. Available in Desert Beige/Desert Brown and Flat Dark Earth/Woodland Brown.

To Hell and Back - Distressing Kit #HBDK **\$59.95**

New! DuraCoat® Adhesion Promoter

Have trouble coating oil based plastics and synthetics but don't have access to blasting? Try DuraCoat® Adhesion Promoter. Apply after degreasing and skip the blasting or sanding. Available in a 6 oz aerosol can for ease of application.

6 oz Aerosol #AP6 **\$9.95**

New! Gun Tattoos

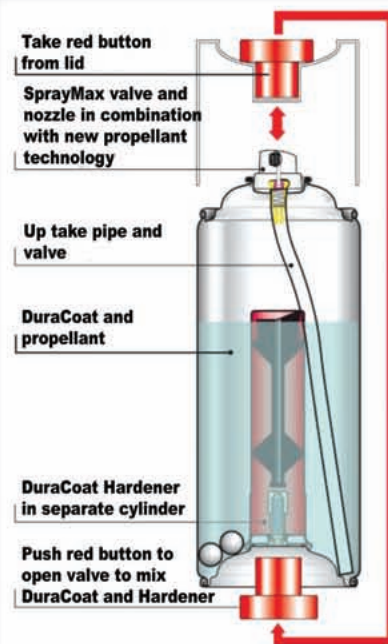

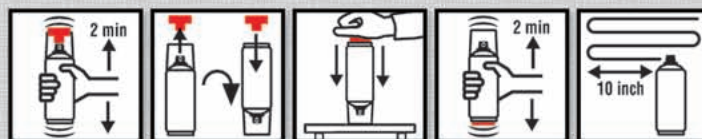

Add a bit of personality to your gun or shooting accessories with our Gun Tats! Each of these tattoo stencils can be reused multiple times. Stencils are approximately 1 inch. Choose from Bullseye, Crosshairs, Biohazard, Skull and Spider #MGT **\$5.00**

DuraCoat® in an Aerosol!

The unique **Can-within-a-Can** technology provides Hardener right inside the can. No more messy measuring and mixing. To use, just release the Hardener and shake. DuraCoat® Aerosol provides outstanding protection against rust and corrosion, plus excellent UV protection, and can be applied to all types of metal, plastic and wood. DuraCoat® Aerosol can be applied over bare metal, parkerizing, anodizing, and bluing.

Enough for two to four firearms, the aerosol can remains useable for up to 48 hours once activated. No baking or preheating is required.

Same great DuraCoat®, new easy way to apply.

DuraCoat® Aerosol

DuraCoat® Aerosol is available in: All DuraCoat® Standard Colors (except 71 - Diamond Plate Silver and 72 - Diamond Plate Gray); All DuraCoat® Metal Collection Colors; and DuraCoat® Clear in Matte, Satin and Gloss.

**DuraCoat® 23-Wild Yellow, 66-Pink Lady, 108-Competition Yellow, 120-OSHA Yellow, 130-Primary Yellow, 133-CavArms Pink, 134-CavArms Electric Green, 136-CavArms Yellow and 144-Lars Larson Commie Pinko require a base coat of DuraCoat® 21-White.

DuraCoat® Aerosol 12 ounce can..... #DCAE \$34.95

DuraCoat® Clear Aerosol Matte, Satin or Gloss. 12 oz can. . . \$39.95

DuraCoat® Aerosol Kit

Each DuraCoat® Aerosol Kit includes one DuraCoat® Aerosol 12 oz can, one 6 oz TruStrip™ Cleaner/Degreaser and one Scrubbing Pad.

DuraCoat® Aerosol Kit #DCAEK \$39.95

DuraCoat® Clear Aerosol Kit \$44.95

"Sprayed with DuraCoat Aerosol can today for the first time. Such great results and ease of application! Very easy to spray and superior results compared to competitors. Way cheaper and much easier! Home run on this one. I'm impressed!"

Nathan, 2014

DURACOAT® COATINGS/FINISHES

DuraCoat® Clear

DuraCoat® Clear is an extremely versatile finish which can be applied over DuraCoat® colors, bluing, stainless - almost any surface of a firearm that needs protection. Puts an end to rusting and pitting when applied over bluing and eliminates the accumulation of oxidation, dirt and grime on stainless firearms. When using multiple colors, such as camouflage patterns, DuraCoat® clear will even out the slight sheen differences. Available in Original and SL, in Matte, Satin and Gloss.

DuraClear™ Sealant

Add Durability to your Water Transfer/Hydrographics

DuraClear™ Sealant is formulated to add durability to Water Transfer Printing/Hydrographics. DuraClear™ actually penetrates the pores of the film, creating a better bond between the Hydrographic and the firearm, and creates a much harder outer surface, protecting the film from scratches and wear. Easily applied with airbrush or automotive spray gun, available in Matte finish.

2 oz Container	 #DCS2	\$16.95
4 oz Container	 #DCS4	\$26.50
8 oz Container	 #DCS8	\$41.95

32 oz Container	 #DCS32	\$141.95
128 oz Container	 #DCS128	\$235.50

TruLube™ Surface Protectant

TruLube™ is a specially formulated oil to provide maximum surface protection over DuraCoat®, DuraBake™, etc. and metal parts. Can be applied shortly after DuraCoating without worrying about damaging your fresh finish. Apply by spray or rag. Can be reapplied as often as desired.

4 oz Bottle	 #TL4	\$4.50
8 oz Bottle	 #TL8	\$7.50
16 oz Aerosol	 #TL16AE	\$13.95

TruCoat™ Clear Finish

TruCoat™ is a durable, clear finish which protects metal, wood, and plastic surfaces with a soft sheen that enhances color and protects the surface from handling wear. TruCoat™ dries to the touch in just minutes and cures in one to two weeks. TruCoat™ be baked at 200° F for two hours for a complete cure. It is excellent for use on wood stocks and also to protect metal surfaces. Coating case-hardened firearms is an excellent use for TruCoat™. (Not to be used as topcoat over DuraCoat®)

12 oz Aerosol	 #TC12	\$16.95
---------------	-------------	----------------

DuraFil™ Surface Filler

DuraFil™ is an easy to use, fast drying formula designed to eliminate imperfections such as pits, dings and scratches. Can be used on all types of metal, plastic and wood. DuraFil™ can be applied with any quality airbrush, automotive spray gun or HVLP spray gun. Blasting is not required, but will help clean the surface and give root to the DuraFil™.

4 oz Container	 #DF4	\$20.50
8 oz Container	 #DF8	\$31.50

Also available in a DuraFil™ Kit, see page 16.

DURACOAT® ADDITIVES

DuraCoat® Hardener

Hardener is included with DuraCoat®, but is also sold separately. 10-1 to 14-1 is the recommended mixing ratio range of DuraCoat® to Hardener.

1 oz Container	 #DCH1	\$6.95
2 oz Container	 #DCH2	\$11.50
4 oz Container	 #DCH4	\$15.95
8 oz Container	 #DCH8	\$30.50
16 oz Container	 #DCH16	\$59.95
32 oz Container	 #DCH32	\$118.95

DuraCoat® UV Hardener

Optimize DuraCoat® for outdoor applications with UV Hardener. UV Hardener will keep the color from fading longer than regular Hardener in exterior conditions.

1 oz Container	 #DCUV1	\$8.50
2 oz Container	 #DCUV2	\$13.50

1/3 oz Container - Enough for 8 oz of DuraCoat®	 #SS8	\$9.50
Bulk - Enough for one gallon of DuraCoat®	 #SS128	\$35.00

CLEANERS and PRE-TREATMENTS

TruStrip™ Cleaner/Degreaser

TruStrip™ Cleaner/Degreaser cuts all gunk and grease, fast. It dries extremely fast without leaving residue. This product is ideal for use as a cleaner prior to refinishing with DuraCoat® products.

- 6 oz Aerosol #TS6AE **\$9.95**
- 16 oz Aerosol #TS16AE **\$16.95**
- 1 Pint #TS16 **\$12.95**
- 1 Gallon #TS128 **\$34.95**
- 5 Gallons #TS5 **\$164.95**
- Extra Spray Nozzles
- Package of 12 #AESN **\$2.99**

SafeClean™ Cleaner/Degreaser

SafeClean™ Cleaner/Degreaser is a safe, easy to use heavy-duty cleaner for gun parts. This low PH, biodegradable, natural solvent is ready to tackle oils, grease, and crusted dirt. Simply wipe off the parts with a sponge or rag, or soak barrels, receivers, and gun parts in SafeClean™. SafeClean™ exhibits excellent cleaning in heated LCW Solution Tank (120F). This is the ideal product to degrease parts before Parkerizing or applying spray-on/bake-on finishes like DuraCoat®.

- 1 Pint #SC16 **\$8.95**
- 1 Gallon #SC128 **\$21.90**
- 5 Gallons #SC5 **\$102.50**

PenLube™ Penetrating Oil

PenLube™ Penetrating Oil flows freely into cracks and crevices, dissolves crud and oil, loosens screws and displaces water. PenLube™ will not harm metal, plastic, or wood.

- 4 oz Bottle #PL4 **\$4.50**
- 6 oz Aerosol #PL6AE **\$8.50**

DuraPhos™ Pre-Treatment Solution

Simply spray apply at room temperature, no heated solution tanks or blasting!

Now with a detergent to help clean the surface prior to DuraCoating! DuraPhos™ provides all the pre-treatment benefits of a standard phosphate without the mess or equipment or fuel cost. DuraPhos™ is a liquid phosphate solution that is corrosion resistant and designed to provide superior adhesion for coatings applied to steel in as little as five to seven minutes. To avoid corrosion of application equipment, clean-up with DuraPhos™ Cleaner. DuraPhos™ is to be used only as a DuraCoat® pre-treatment and not as a final finish.

- 8 oz Container #DPHOS8 **\$16.95**
- 1 Gallon #DPHOSG **\$125.00**

DuraPhos™ Cleaner

To avoid corrosion of application equipment, after using DuraPhos™ Pre-Treatment Solution clean-up with DuraPhos™ Cleaner.

- 4 ounce #DPHOSC4 **\$9.95**
- 8 ounce #DPHOSC8 **\$12.95**

LCW Rust & Bluing Remover

LCW Post-Treatment Solution removes rust, heat scale, oxides, and bluing from metal surfaces without attacking the steel (provided immersion is no more than a couple hours). This solution is completely soluble in water and rinses easily in hot or cold water. This solution is concentrated, so mix 1 quart water to 1 quart remover. Can be used at room temperature or heated to as high as 120F to speed the process.

- 1 Quart #RBR32 **\$16.95**
- 1 Gallon #RBR128 **\$49.95**

PRE-TREATMENT KITS

DuraFil™ Kit

Need to fix up that old, pitted barreled action? This kit is for you. The new DuraFil™ Kit includes 4 oz of DuraCoat® with Hardener, 2 oz DuraFil™ with Hardener, 2 oz Reducer, and 6 oz Aerosol TruStrip™ Cleaner/Degreaser. All you do is degrease, apply DuraFil™ using an airbrush or spray gun, let dry and sand smooth. Top coat with DuraCoat® and you have a beautifully restored piece.

- DuraFil™ Kit #DFK **\$39.95**

DuraPhos™ Kit

Do you have a bare steel action that you want to DuraCoat®? Use the new DuraPhos™ Kit for the best possible results. Apply with an airbrush or spray gun. The kit includes 4 oz DuraCoat® with Hardener, 2 oz Reducer, 4 oz DuraPhos™ Pre-Treatment Solution, 4 oz DuraPhos™ Cleaner, and 6 oz Aerosol TruStrip™ Cleaner/Degreaser.

- DuraPhos™ Kit #DPK **\$49.95**

DURACOAT® FINISHING KITS

DuraCoat® Shake 'N Spray™ Finishing Kit

The DuraCoat® Shake 'N Spray™ Finishing Kit includes 4 oz of DuraCoat®, TruStrip™ Cleaner/Degreaser and a Preval Aerosol Sprayer. This kit allows you to apply DuraCoat® like an aerosol! No need for an airbrush or other spray equipment. Now you can refinish your firearm as easy as 1-2-3 with the exclusive Prep 'N Spray™ system. All you need to do is to degrease with the enclosed TruStrip™ and scrubbing pad, mix your DuraCoat® in the provided jar, and spray! Shake 'N Spray™ Kits are available in all DuraCoat® Standard and Tactical colors.

DURACOAT EASYWAY CAMO KITS

Applying a DuraCoat® camo pattern has never been easier!

DuraCoat® EasyWay Camo Kits includes four 2 oz DuraCoat® colors, LCW TruStrip Cleaner/Degreaser, DuraCoat® Reducer, a Preval Aerosol Sprayer, Cut-Rite Camo Stencils, and an Instructional DVD specific to each pattern. No need for any additional spray equipment. Everything you need to create a durable, protective, and effective camo pattern is included in this kit. To create a more even sheen, apply a top coat of DuraCoat® Clear (sold separately).

SEE IT IN ACTION ON YouTube

EasyWay Camo Kits are available in: • Barbed Wire • Skulls • UnderBrush • Flame • ACU • Air Force ABU • Navy NWU • CADPAT • British DPM • Advanced Tiger Stripe • Desert MirageFlage • Wilderness MirageFlage • Urban MirageFlage

PHOSPHATE COATINGS AND KITS

Zinc Phosphate Parkerizing Solution Concentrate

This heavy crystalline coating enables the surface to absorb oils or spray-on/bake-on finishes, and is especially well suited as an undercoating for DuraCoat® Firearm Finishes or LCW Post Treatment Solution. This dull "non-glare" gray coating is perfect for tactical and hunting guns and is also excellent for restoring old military arms. Just degrease, blast, and immerse your parts in the zinc phosphate solution. Then oil or coat with your favorite spray-on finish. A heated stainless steel container is required for use. LCW Zinc Phosphate Solution meets Military Spec: DOD-P-16232.

Zinc Phosphate Parkerizing Solution Concentrate - 1 Pint #ZPS16 **\$13.95**

Zinc Phosphate Parkerizing Solution Concentrate - 1 Gallon . . . #ZPS128 **\$62.00**

Zinc Phosphate Parkerizing Kit

Parkerizing is now available in kit form! This kit includes one pint of Zinc Phosphate Parkerizing Solution and one 16 oz Aerosol LCW Post Treatment Solution. Mix the Zinc with four parts of water in a heated stainless steel container (not included) then spray on the Post Treatment Solution. No messy oil soak or pump sprayer needed.

Zinc Phosphate Parkerizing Kit #ZPSK **\$32.95**

Manganese Phosphate Parkerizing Solution Concentrate

Manganese Phosphate Parkerizing Solution is a medium-heavy crystalline coating, ideal for firearms that must perform under adverse weather conditions. The porous surface created by this process lends itself to absorption of oil or spray-on/bake-on finishes. Its non-reflective surface is perfect for tactical and hunting situations. Just degrease, blast, and immerse your parts in the solution, then oil or coat with a finish such as DuraCoat®. A heated stainless steel container is required for use. LCW Manganese Phosphate Solution meets Military Spec: A-A-59267.

Manganese Phosphate Parkerizing Solution Concentrate - 1 Pint. . . . #MPS16 **\$12.95**

Manganese Phosphate Parkerizing Solution Concentrate - 1 Gallon . #MPS128 **\$58.00**

Manganese Phosphate Parkerizing Kit

Parkerizing is now available in kit form! This kit includes one pint of Manganese Phosphate Parkerizing Solution and one 16oz Aerosol LCW Post Treatment Solution. Mix the Manganese with four parts of water in a heated stainless steel container (not included) then spray on Post Treatment Solution. No messy oil soak or pump sprayer needed.

Manganese Phosphate Parkerizing Kit. #MPSK **\$31.95**

Black Dip Pre-Treatment Solution

New and Improved! Now with a deeper, smoother finish! Black Dip Pre-Treatment Solution for manganese or zinc parkerizing creates a deep black finish. No heating is required, just immerse the parts for 15 seconds and immediately parkerize. Black Dip is ready to use, no mixing or measuring is required. Black Dip can be used in any container other than stainless steel.

Black Dip Pre-Treatment Solution - 1 Quart #BD32 **\$15.00**

Black Dip Pre-Treatment Solution - 1 Gallon #BD128 **\$49.95**

Black Dip Parkerizing Kit

Want black parkerizing but not sure what you need? Now our popular Black Dip Solution is available in kit form! The kit includes one quart of Black Dip, one pint of either Manganese or Zinc Phosphate Parkerizing Solution, and one 16 oz Aerosol LCW Post Treatment Solution. Parkerizing solution is a concentrate and should be mixed with four parts of water. Black Dip should be used as is without diluting. A heated stainless steel tank is required for parkerizing. Black Dip can be used in any container other than stainless steel.

Black Dip Parkerizing Kit with Manganese or Zinc Phosphate Parkerizing Solution. . . #BDK **\$46.95**

LCW Post Treatment Solution

Water displacing rust preventative designed to provide protection for ferrous metals treated with Zinc or Manganese phosphates. Due to its incredible water displacing properties, it can be applied to parts while they are still wet, eliminating drying operations. May be applied by brush or, for maximum protection, dipping. A favorite among traditional firearm enthusiasts, this is also a very effective "after-bluing" oil and rust preventive.

16 Ounce Aerosol #PTS16AE **\$21.95**

1 Pint. #PTS16 **\$13.95**

2 oz Container, includes 1 oz Catalyst . . #CV2 **\$8.50**

4 oz Container, includes 1 oz Catalyst . #CV4 **\$12.25**

DuraVar™ Catalyst - 1 oz Container . . #CVC1 **\$5.25**

LCW WOOD STOCK FINISHING PRODUCTS

DuraOil™ Danish Oil Finish

DuraOil™ Danish Oil Finish is a tung oil enriched urethane resin. It penetrates into the wood as it primes, hardens, seals, and protects wood stocks. DuraOil™ will not chip, peel or wear away because it is in the wood, not on it. It is resistant to water, alcohol and other harmful liquids, is easy to apply and does not require laborious hand rubbing.

4 oz - Natural #DO4N **\$8.95**
8 oz - Natural #DO8N **\$12.95**

For connecting Paasche Airbrush #HCARD to propellant can #3B **\$12.95**

Paasche Strainer
 Keeps large particles from entering airbrush, for use with bottle assemblies with white Teflon tubing. #VL127 **\$3.95**

Paasche Quick-Disconnect

For fast release of airbrush from air hose
 #A191 **\$17.50**

PROFESSIONAL FINISHING EQUIPMENT

LCW Baking Oven

Finally, a commercially built oven suitable for baking all of the popular firearms finishes, including DuraCoat®, DuraBake™, DuraLaQ™ and TruCoat™. With a lightweight aluminum body, 110 volt operation, circulation fan and rheostat controlled temperature with zero to 425° range. Non-returnable item, all sales final.

Convenient Size: Inside dimensions 42.25" H, 15.5" W, 15" D
Lightweight: 41 lbs
Efficient: 110 volt operation
Low Amperage:
 Heating element 6.3 amp,
 Fan .68 amp

LCW Baking Oven

#OVEN1 \$1,600.00
 Thermostat Control . #OVENA \$125.00
 Fan On/Off Switch . . . #OVENB \$35.00
 Dutch Door #OVENC \$220.00
 Sight Window #OVEND \$100.00
 Auto Shutdown Safety Timer #OVENE \$165.00
 Three Shelves and Eight Hanging Hooks #OVENF \$175.00

LCW Solution Tanks Cold Rolled Steel Solution Tanks

Perfect for Cleaner/Degreaser solutions and water displacing oil like LCW Post Treatment Solution. Top of the line tanks, manufactured by LCW specifically for use in a Parkerizing line.

6" x 6" x 10", 1.25 gallon. #CCS6610 \$82.99
 6" x 6" x 20", 2.5 gallon. #CCS6620 \$90.99
 6" x 6" x 40", 5 gallon #CCS6640 \$125.99
 Tank Cover #TC41 \$49.95

Stainless Steel Solution Tank

For use with water rinse and Parkerizing solution, not as blueing tank, stainless steel and blueing salts do not mix.

6" x 6" x 40", 5 gallon #SS6640 \$191.99
 Stainless Steel Tank Cover #TCSS41 \$84.99

LCW Solution Tank Stand

Tank stand is designed to work perfectly with LCW Solution Tanks and Pipe Burner. Fits up to a 40" solution tank. Build your own Parkerizing line to meet your needs.
 LCW Tank Stand . . #STS41 \$194.99

LCW Pipe Burner

Top of the line burner designed specifically for LCW Solution Tanks. Use with heated Cleaner/Degreaser, water rinse and Phosphate solution tanks. Includes burner pipe, mixer head, LP or natural gas orifice.

LCW Pipe Burner #PBHST \$200.99

LCW Small Parts Basket

Stainless steel screen basket to hold small screws and pins during Parkerizing.

6 inch x 6 inch Basket . . . #SSS1212 \$17.50

Hobby Shop Spray Booth

Rugged, compact in size and easy to assemble, these portable booths feature galvanized metal for easy cleaning and durability. Perfect for all your firearm spraying, they vent with a standard dryer vent hose and wall cap.

Hobby Shop Spray Booth

Working dimensions 22" W x 16" H, single exhaust fan . . . #HSSB2216 \$345.00

Advanced Hobby Shop Spray Booth

Working dimensions 30" W x 18.5" H, two exhaust fans . . . #HSSB3716 \$559.00

D500 Air Compressor

Economical air compressor suitable for all airbrushes spraying DuraCoat® products. This 1/10 HP compressor is capable of delivering up to 20-30 PSI with most airbrush models. This oil-less diaphragm unit is for the operation of one airbrush at a time. Operates on regular house current.

D500 Air Compressor . #D500 \$149.00

With Regulator and Switch. . #DS00SR \$185.00

Paasche LAC#3 Abrasive Gun

Abrasive gun featuring adjustable material flow and carbide tip for long life. Blasting pressures from 20-80 PSI.

Paasche LAC#3 Abrasive Gun . . #LAC \$106.00

LAC#3 Blast Media

Fast cutting compound, 2.5 lbs #CC \$7.50

LCW Speed Blaster

Gravity feed media/sand blaster with shatterproof 24 oz reservoir, adjustable material flow valve for consistent blasting. Operating pressure is 60-125 PSI. 125-200 PSI working pressure with max air consumption of 12 CFM at 125 PSI.

LCW Speed Blaster #HMB \$87.00

Replacement Nozzle . #HMBTIP \$15.00

120 Grit Aluminum Oxide Blast Media, 5 lbs. . #AO120 \$10.00

HVLP Converter

High volume, low pressure (HVLP) system runs on shop air, designed for the serious firearm finishing professional. Perfect for large runs in a short time with the minimal waste. With a fully adjustable spray pattern size from up to 12" down to airbrush size.

HVLP Converter . #HVLPC \$995.00

Spray Gun Only . . #HVL3 \$455.00

Replacement Cup Assembly

Includes 8 ounce cup, cover, 5/8" tube assembly, siphoner, locknut and gasket. #CA8 \$60.50

HVLP Check Valves

Package of two #HCV \$11.00

Half Mask Respirator

Air purifying respirator for paint and vapors. Pre-assembled in a reusable ziplock storage bag, with replaceable filters. . . . #99 \$48.50

Replacement Prefilters

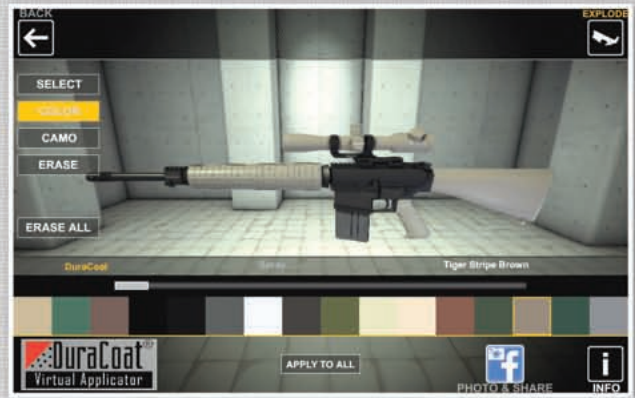

Package of four #998 \$11.95

THE NEXT GENERATION FIREARM FINISH

The **DuraCoat® System** is the latest in firearm finishing technology. No other commercially manufactured and packaged firearm finishing system offers the versatility, durability and user friendly characteristics of DuraCoat®.

DuraCoat® is available in the original formulation and **DuraCoat® SL** with added lubricity for the ultimate self lubricating/non-stick firearm finish.

DuraCoat® and **DuraCoat® SL** come in over 200 colors plus Clear and can be blended to match any color of the spectrum. Although packaged in matte and semi-gloss sheens, DuraCoat® can be blended to any sheen level.

DuraCoat® and **DuraCoat® SL** can be applied to ferrous metals, alloys, stainless steel, synthetics, wood, etc, and can be applied in a multitude of textures with dry film thickness ranging from .25 mls to 1.5 mls. No preheating or baking is required, but dry times can be shortened by baking.

DuraCoat® and **DuraCoat® SL** are available in an ever growing line of EZ Camo Kits and CamoPaks with a variety of Peel 'N Spray Camo Templates, and in a variety of turnkey finishing kits designed to meet the needs of all levels of firearms finishers, beginners to high volume gunsmiths.

DuraCoat® and **DuraCoat® SL** are packaged in 1 ounce, 2 ounce, 4 ounce, 8 ounce, 16 ounce, quart, gallon, 5 gallon and 55 gallon drums.

DuraCoat® and **DuraCoat® SL** are supported by a complete selection of finishing equipment, coatings, solutions and supplies.

DuraCoat® technicians can be reached for assistance via a toll free number.

"On every question of construction of the Constitution, let us carry ourselves back to the time when the Constitution was adopted, recollect the spirit manifested in the debates, and instead of trying what meaning may be squeezed out of the text, or invented against it, conform to the probable one which it was passed."
Thomas Jefferson (1823)
